

Legend in Leather

Happy Days, A New Musical

PINKY TUSCADERO

Don't you find it amazing,
What a couple of years can do?
To the town that you were born in,
and the people that you knew
It ought to be the way I remember
but it's not that way at all
Oh, the blocks are so much shorter
and the houses seem so small

But there's a ghost that lives
On memory lane
A handsome jack in the box
And when he pops up
It can drive a girl insane
And he took hold of me
With that first kiss
We were perfect together,
My legend in leather
Impossible not to miss
And I miss him still
And I always will

Every sunset reminds me
That there's something I need to do

Make it through the night without him
Is getting easier it's true
But every now and then there's a whisper
Of a too familiar voice
Have you put us all behind you?
Have you made your final choice?

But there's a ghost that lives
On memory lane
A handsome jack in the box
And when he pops up
It can drive a girl insane
And he took hold of me
With that first kiss
We were perfect together,
My legend in leather
Impossible not to miss
And I miss him still
And I always will
I miss him still
And I always will
