

SNAP – HAPPY DAYS

Fonzie:

I walk by a mirror, It sings out to me
Says, 'Hello boy, you're gazing at perfection'
Looking like a hero, Every hair in place
I'm built for speed and passionate inspection

I was a child of the streets
The school of hard knocks, Was my only school
Tough slice of life on my plate,
But I'm master of my fate
I got a black belt in cool

You just snap your fingers
And the sun breaks through the grey clouds
You snap your fingers and the music starts to play
Crowds gather all around me
Center stage where I belong

Carhop Girls:

If love's a dance, then Fonzie is our song!
Singing,
Ayyyyy, Ay-yi-yiiii
Ay-yi-yi-yiiii, Ay-yi-yiiii

Fonzie:

When there's trouble all around me
And there's problems to be solved
Without me the world would wonder
Which direction it revolved

Carhop Girls:

And he does it with a SNAP!

Fonzie:

Never could explain it
I've always had this gift
Broken engines start to purr beneath my fingers

Carhop Girls:

When it comes to purring,
Fonzie has the touch
And his killer kisses cast a spell that lingers

Fonzie:

I walk alone, it's by choice
Ain't no lonely in my voice
So don't spring that tender trap
Christmas alone, I do fine
I don't need no valentine
Solitary is a snap!

Fonzie/Carhop Girls:

I/you just snap my/your fingers
And the bad guys bite the dust
Snap my/your fingers
And the ladies start to lust

Fonzie:

The pleasure's unimagined

Carhop Girls:

The chemistry is strong
If love's a dance, then Fonzie is our song!
Singing,
Ayyyyy, Ay-yi-yiiii
Ay-yi-yi-yiiii, Ay-yi-yiiii

Fonzie:

I'm the guy that kids can turn to
I'm Wisconsin's answer man
When the situation's hopeless
I'm the wizard with a plan

Carhop Girls:

And he does it with a SNAP!
He does it with an 'Aaay!'
He does it with a 'Whoa!'
He does it with a SNAP!

Fonzie:

Aaay! Whoa!

Carhop Girls:

(Round)
Yeah, he does it with a SNAP!
Yeah, he does it with a SNAP!
Yeah, he does it with a...
